Dear Grand Peak Families,

At approximately 10:35 am staff members reported the smell of gas in our building. We promptly evacuated all of our students and staff. The Colorado Springs Fire Department and Colorado Springs Utilities arrived on-site, measured and monitored for gas readings, and we received the all-clear at 11:05 am to go back into the building. Neither CSFD or CSU found any levels of gas readings in our building. The gas smell is due to a gas line break in the neighborhood adjacent to our building. Continuing with precautionary measures, we started to allow students to enter the building at approximately 11:10 am to the gym, then students returned to classrooms at approximately 11:45 am. All our students have remained on their normal lunch schedule.

All students are safe and this situation presents no reason for students to be picked early unless you feel otherwise. If you have any questions, please feel free to contact us at 719-495-7360.

Sincerely,

Grand Peak Academy
