Dear Grand Peak Families,

The November election is quickly approaching, very soon you will receive ballots in the mail. There are two items on the ballot that directly relate to District 49 and will impact all of our schools. The purpose of this communication is to encourage you to become aware and informed of both things that will affect schools, students, and staff once the final counts come in.

Below are links to information related to Ballot Measure 4A as well as links to our Board of Education Election. Measure 4A will be asking you to approve a tax increase in order to raise compensation for teachers and support staff. For the Board Election, you will be asked to vote for a Director representing the D49 community.

My hope is you will take the opportunity to learn.

Sincerely,
Nicole Parker

(email written from another D49 school principal, with permission to share.)
