Dear Middle School Parents,

Today, 11/19, during middle school lunch at Grand Peak Academy, there was an incident involving a parent guest in our building and some of our middle school students. We want to assure all of our families that this incident is being investigated fully, and that all students are safe. We ask for time to conduct our investigation and for time to process what occurred. Please know that the parent involved in today's situation is no longer a welcome guest in our building.

**Caitlin Casai**

Assistant Principal - Grand Peak Academy
